

International Experience Approval & Travel Grant Request Form

An Honors student interested in completing the international experience requirement in the International Honors Program must submit and obtain approval for an international experience proposal before beginning the proposed international experience. Students must submit a completed International Experience Proposal Form and include a Statement of Intent. Additional information, such as course curriculum, and activities during the experience, may also be required. The Statement of Intent must provide a rationale that clearly connects the student's experience to LIHC Characteristics of Approved International Experiences.

Pre-Approved International Experiences through UNCG's International Programs Center (IPC)

The following international experiences have been pre-approved:

- Any semester- or year-long study abroad experience with exchange partners arranged through UNCG's International Programs Center (IPC).
- Several short-term or summer programs administered by IPC and run through various UNCG departments. On the Honors College website you will find the list of approved short-term and summer programs that will fulfill the international experience requirement. Contact the IPC Study Abroad Coordinator for more information.

Approved international experiences should have three characteristics:

- Sufficient intellectual content so that students engage in critical and reflective thinking before, during, and after the time that they are engaged in cultures different from the cultures that they grew up in. The level of intellectual content should be equivalent to at least 6 semester hours of academic credit and should include ethnographic study of the cultures in which they are immersed.
- A level of immersion in a culture other their own that gives students culturally transforming experiences. (Those experiences should result in students going beyond culture shock and coming to terms with cultures different from the ones that they grew up in.)
- A transnational character that adds to the cross-cultural nature of the experience almost always requiring the student to travel and spend significant time beyond U.S. borders.

Other International Experience

Examples of International Experiences that are not pre-approved through UNCG's IPC are: summer faculty-led programs, internships, programs through other universities, Spring Break trips, etc. You must submit the International Experience Approval Request Form *before you make a commitment to participate in any particular program*. Also, the Approval Request Form must be accompanied by a complete description of your program: specific location, program affiliation (college/university), length of stay, activities during experience, and credit hours.

International Honors Program students seeking to complete the international experience requirement other than through semester- or year-long study abroad at a UNCG partner institution must discuss their plans with the appropriate staff person in the International Programs Center (IPC) and with an Honors Advisor prior to submitting this form. Because the expectation of Lloyd International Honors College is that Honors students will spend a semester or more studying abroad, when that is not possible the student is required to provide in writing a rationale for choosing an alternative short-term experience. Students completing study abroad programs outside of IPC's structure will not be eligible for the Honors Travel Grant.

Approval Form Checklist

In order to be eligible for the LIHC approval of your International Experience, you must submit the following information by the appropriate deadline:

- International Experience Approval & Travel Grant Request Form
- Statement of Intent

Proposals for non-approved experiences, due in early September require additional material of support. Students seeking to submit a proposal should meet with an Honors Advisor.
